**Improving Life,
One Breath
at a Time**

We bring people and resources
together to fight tobacco use, bad
air and the asthma epidemic.

Internship Job Announcement

We currently have openings for motivated **Post-graduate, Graduate, Baccalaureate, and mature High School students** with a passion for our cause who possess independent work skills and an interest in integrated learning and on-the-job training.

We are searching for candidates with skills in **technology, business, grant writing, marketing, communication, fundraising, special events, and health education** all related to tobacco prevention and control and lung disease. We will work to **create an individual learning contract that will meet our mutual needs and interests**. Candidates must be non-smokers.

This opportunity will give you the experience of a lifetime, an excellent boost to your resume, and an ideal chance to make a difference. While our internship positions are unpaid, we offer a competitive array of related benefits including home-office work, free parking, high speed workstations, and a friendly work environment.

American Lung Association of Northwest Background Information

Our Vision: A world free of lung disease

Our Mission: We assure the lung health for the people of Northwest

The American Lung Association of the Northwest is a voluntary, non-profit 501(c) 3 health organization dedicated to assuring the lung health for residents. Established in 1906 to stop the threat of tuberculosis, we are the oldest non-profit health agency in the country focused on **Improving Life, One Breath at a Time®** through advocacy, research and education.

Please send your resume and contact information to Kera Yost at kyost@alaw.org to set up an interview. When submitting a resume, please include a cover letter indicating your area of work interest with the American Lung Association. In the subject line of your email application, please indicate: INTERNSHIP INTEREST.
